**Review of Draft FOST and Supplemental EBS, Parcel H-1**

Dear Mr. Vazquez:

The Texas Natural Resource Conservation Commission (TNRCC) has completed the review of the Draft Finding of Suitability to Transfer (FOST) and supporting Supplemental Environmental Baseline Survey (SEBS) for Parcel H-1, McNaughton House, Carswell AFB dated April 14, 1999 and received by the TNRCC on April 16, 1999. In addition, the TNRCC also reviewed comments concerning the draft FOST and SEBS received from EPA Region 6 and dated April 28, 1999. Parcel H-1 consist of approximately 2.5 acres and include the McNaughton House, a garage and storage shed. Based upon our review of the draft FOST and SEBS, the TNRCC has no additional comments beyond those already provided to AFBCA by EPA Region 6. The draft final FOST and SEBS should adequately address EPA's comments.
